SKILLS

DEDICATION

I have always had my sights set on this career to activate my humor-oriented personality, which is for me a must to create fun and engaging lessons. I am willing to stay late, work extra hours, and handle the most difficult situations; because this is what I understand from professionalism.

ALWAYS THE BEST UTILITIES

It's a huge advantage to have an arts background when it comes to creating valuable contents for students. I have created numerous killer slideshows with PowerPoint, charts with Photoshop, videos with Vegas software.

FUN AND ENGAGING LESSONS

Learning is a tough work and I am fully aware that students tend to lose concentration after 20 minutes. I see myself a performing artist at first place and I put having fun as my first priority

ADDITIONAL WORK EXPERIENCE

- UX/UI-Web Designing, Full-stack development projects for more than 10 years in UPWORK as a freelancer developer/designer.
- Freelancer Translator for more than 5 years. English/Turkish, Turkish/English in Fiver.com.
